Amiti Portfolio: Leading the Way

We actively seek out the **pioneers of deep tech who are pushing the boundaries of science and technology**. Leveraging our deep expertise and network, we pinpoint areas ripe for transformation and back those founders who possess the vision and courage to redefine what's possible. Our strategy is to empower these visionaries to turn their groundbreaking ideas into reality, shaping the future with their innovations.

Deep Connections, Deep Networks

In 2024, we deepened our commitment to building transformative networks through community engagement, strategic partnerships, and impactful international collaborations. These efforts enabled us to unlock new opportunities, accelerate innovation, and strengthen our position at the forefront of deep-tech.
